Andy, thanks for the opportunity to provide input on this GA MCC issue, with 2 time-limit demand letters.

As we discussed, the loss occurred in Bartow County (49 miles north of Fulton County/Atlanta).

Given the 3 fatality claims, I agree that it would be a good idea to engage Mike St Amand to negotiate a global pro rata settlement of all parties, and to meet the respective settlement terms of each demand letter.

If we have not already done so, I recommend that we provide a copy of the time-limit demands to the insured immediately, & keep the insured informed about the status of those demands.

Per the demand letter of attorney Roy Chumley, the 30 day due date will be determined from the US postal green card return-receipt.

As these claims develop, if I can assist further, please let me know. Thanks.

Hi Ellen –

New loss with 3 fatalities (well 4 if you include our driver) and multiple injuries in OV.

We have 30 day demands in file for 2 of the 3 passenger fatalities, plus a letter of rep for the 3rd passenger.

Looks like OV had UM and those 4 claimants may have a source of recovery.

Think we should look at some sort of Global Settlement Conference given all the potential exposures.

I do not believe the 30 days has started yet as the demands both state that they will use the date of delivery on the Green Card. We received via fax (8/9/18) and I do not believe we have received the mailed demands yet.

Would appreciate any guidance you can provide.

Thanks,

Andy
